

INDUSTRIAL CARE

COIL CLEANER

AN ALKALINE LIQUID AIR – COND COIL CLEANING LIQUID DETERGENT

PRODUCT USE

COIL CLEANER is an alkaline liquid detergent specially formulated for fast action cleaning of air – conditioning aluminum coil units.

DESCRIPTION

COIL CLEANER is a light brown viscous liquid which consists of a blend of biodegradable surfactant and penetrating agent for fast and efficient removal of dust, oil and dirt air-cond condenser and AHU unit.

APPLICATION

COIL CLEANER is easy to use. Dilute 1 part of **COIL CLEANER** with 5 parts of water. Use a sprayer to spray over the cooling fins of the condenser unit Allow a few minutes for the product to react, this can be observed by the formation of white foam that pushes the dirt out from the interior. Rinse with water and repeat if necessary.

NOTE

COIL CLEANER is strongly alkaline. prolong contact with skin should be avoided. Use gloves and goggles when handling this product. Do not allow over- soak if dipping bath is used.
